

Contactless Fundraising Made Easy

World's Finest® Chocolate has modified our traditional chocolate fundraiser by making it easier and more user friendly for today's environment. Not only that, your supporters will appreciate the value of \$1.00 and \$2.00 products, place your trust in the proven fundraising leader since 1949.

There's Always a Reason to Fundraise

New regulations on schools and groups mean extra dollars are needed to purchase the right safety gear and materials to meet these requirements.

- ♥ Additional classroom materials
- ♥ Internet access
- ♥ Virtual learning
- ♥ Cleaning supplies & services
- ♥ Masks and other PPE
- ♥ Maintenance supplies

1 Sign Up

We have an easy online sign up for parents to say they want to participate. Then your group knows exactly how much chocolate they'll need to order.

2 Curbside Pickup

With our new curbside pickup process, your group can distribute chocolate in a safe and simple manner.

3 Payment and Prizes

Pay electronically using one of the many electronic payment options, and students earn BIG prizes when selling chocolate to friends and family.

Safety First... From Start to Finish

Made in the USA with serious safety standards.

Employees wear masks, face shields, gloves, and other PPE and do rigorous cleaning procedures throughout the building. The chocolate is produced on state-of-the-art equipment, where it's never touched by human hands. We conduct annual food safety audits to ensure we are meeting and exceeding industry standards and best practices.

Our delivery partners also prioritize safety.

They will be wearing masks, gloves, and have clean trucks.

We encourage you to practice safety when running your fundraiser.

Distribute chocolate through a curbside pickup. Don't sell door to door. Sell via social media with contactless porch pickups or drop offs whenever possible. Use popular payment apps to collect money electronically. We have tools available to help you every step of the way.
